Dear Mr. Raines:

On July 22, 1982 we received Utah Marblehead Lime Company's (UMLC) Notice to construct an access road and to conduct exploratory drilling activities on the Jeanette claims in the Lakeside Mountains in T. 1 N., R. 8 W., Sections 5, 6, and 7. On June 23, 1999 this office sent you a Notice of Noncompliance for failure to reclaim the surface disturbance associated with UMLC's exploratory activities in the area.

On August 5, 1999 a field inspection of the area was conducted by Salt Lake Field Office geologist Michael Ford, George Love of Dravo Lime Company and Mel Coonrod of Environmental Industrial Services (EIS) to discuss final reclamation of the site. In October, 1999 the dirt work portion of the reclamation was completed by EIS. Follow-up inspections of the reclaimed site indicate that the access road has been reclaimed satisfactorily and exhibits good revegetation success. No additional reclamation is required. We are hereby rescinding the Notice of Noncompliance and closing the subject case file.

Thank you for your cooperation. If you have any questions, or require additional information, please feel free to contact Michael Ford of my staff at (801) 977-4360.

Sincerely,

/S/ MICHAEL G. NELSON
